About Conference

Dear Attendees,

We are glad to announce the International Conference on Current Research Trends in Engineering, Science and Medicine, to be held on 07-Oct-2023 organized by VDGGOOD and its Board Members. This conference is an apt platform for academicians/practitioners, Industry, Researchers, Innovators, Regulators to come together, share and deliberate potential ways about the above said areas. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Objective

The Objective of the conference is to provide platform for academicians, researchers and practitioners to:

- Disseminate research, providing insights into the challenges and opportunities, emerging strategies and analytical tools in the domain under the research field
- Share innovative ideas on domain so as to navigate and develop successful new innovation
- Present case studies from applications of cutting-edge tools and technologies

Call for Presentation

Abstract/ Title for presentation in the conference are invited from Researchers, Professors, Practitioners, Research Scholars and P.G. & U.G. Students, etc. Authors are requested to send Abstract/ Title to e-mail: icesm2023@gmail.com

About Us

It's a Right Time to choose the Right Way of Success, Aim of VDGGOOD International Conferences, Open Access Journals and Awards is to provide the Platform for Researchers across the world to recognize their Achievements, and also its provides a forum to the appropriate target group by organizing Planned Annual Meetings with the aim of generating new knowledge and better understanding. Our world is undergoing a revolutionary period in the creation and dissemination of new knowledge and innovation in many disciplines. Simultaneously humans are on a journey to the achievement of self-actualization, which relates to the ultimate fulfillment of one's potential. To improve the common man's life by developing new innovative Medical and Engineering ideas, Technical tools or models or products of their need. These new ideas and knowledge may be disseminated to the common man by organizing conferences, workshop, seminars and/or awareness programs and by publishing high quality academic international Books, or Journals, or Magazines or Tracts/Pamphlets on any subjects/topics, which is related to the overall growth/improvement/uplift of all sections of society.

Why do I need to attend CRTESM 2023?

- Virtual Event - it's the safest way to keep closer to the other scientists.
- Hard copy of Presentation/ Participation Certificate will reach at your doorstep.
- Presenters will get 1 year membership (You can attend all virtual conferences at free of cost for the next 1 year)
- Best Presentation, Best Paper and Best Speaker will be chosen by the Session chair after the Conference

Conference Tracks

The conference invites papers around the following tracks (but not limited to):

Track 1: Science, Technology, Engineering & Mathematics

- Engineering Disciplines (Civil, Electrical, Computer Science, etc.)
- Green & Renewable Energy
- Design & Technology
- Image Processing & Remote Sensing in Geography
- Information and Communication Technologies
- Artificial Intelligence & Robotics
- Innovations in Mathematics & Statistics
- Climate Change & Environmental Issues
- Agriculture, Forestry & Food Science

Track 2: Medicine

All the Disciplines in Medicine
