About Us

It's a Right Time to choose the Right Way of Success, Aim of VDGGOOD International Conferences, Open Access Journals and Awards is to provide the Platform for Researchers at he world to recognize their Achievements, and also its provides a forum to the appropriate target group by organizing Planned Annual Meetings with the aim of generating new knowledge and better understanding. Our world is undergoing a revolutionary period in the creation and dissemination of new knowledge and innovation in many disciplines. Simultaneously humans are on a journey to the achievement of self-actualization, which relates to the ultimate fulfillment of one's potential. To improve the common man's life by developing new innovative Medical and Engineering ideas, Technical tools or models or products of their need. These new ideas and knowledge may be disseminated to the common man by organizing conferences, workshop, seminars and/or awareness programs and by publishing high quality academic international Books, or Journals, or Magazines or Tracts/Pamphlets on any subjects/topics, which is related to the overall growth/improvement/uplift of all sections of society

About Conference

This Conference aims to brings together researchers, scientists, and other professionals who are interested in the study of Business Management, Finance and Economics.

This conference seeks to explore a wealth of issues related Business and Economic Development, contributions should therefore be of interest to scholars, practitioners and researchers in management in both developed and developing countries targeting a worldwide readership.

CONCLUSION

- The results of the current survey provided information on forensic odontology practices among Jharkhand dental institutes' dental faculty.
- The poll revealed that they have the necessary information, which they must have learned either while studying, participating in continuing dental education, or teaching.
- The survey also analyzed the associated variables of awareness and interest, which were found to be lower among dental teaching staff.
