ICCOR 2024

ABOUT US

It's a Right Time to choose the Right Way of Success, Aim of Brainy meet International Conferences, Open Access Journals and Awards is to provide the Platform for Researchers at he world to recognize their Achievements, and also its provides a forum to the appropriate target group by organizing Planned Annual Meetings with the aim of generating new knowledge and better understanding. We are beaming to welcome all the leading researchers, delegates, scientists, scholars, and professors to take part in this approaching conference to witness precious scientific discussions and best future improvement in the field of Cancer and oncology. This Conference will emphasize the informative research on its impact on clinical outcomes, through poster and oral demonstrations, educational workshop sessions, and note worthy plenary presentations. This Conference is a perfect podium to find out how cancer and Oncology research advances obliging the Medical, Health, and human society. ICCOR_2024 Conference will principally highlight the recent matters during the event, which reflect present education, developments, research, and innovations globally in the fields of cancer, oncology, and medical sectors.

ABOUT CONFERENCE

Welcome to the 1st International Conference On Cancer and Oncology Research 2024 held On 10 & 11- June-2024. We are honored to extend a warm invitation to all of the top delegates, scientists, researchers, scholars, professors, and medical professionals to participate in this strategy in order to observe various scientific discussions and bestow upcoming advancements in the field of cancer Research. This is to find out how research advances contribute to medical health and human society. And, how to overcome the cancer. The Cancer and Oncology Research aims to inform society about the most recent developments and research findings in the field of cancer. This Conference will gather to learn, share knowledge, and discuss how to advance their professional development and clinical performance at this timely scientific gathering. Cancer is a critical role in providing high-quality infection to patients. This conference will emphasize the research and its impact on outcomes through oral demonstration and presentation.

CANCER AND ONCOLOGY CONFERENCE TRACKS

- **Cancer Systems Biology**
- **Sarcoma**
- **Colorectal Cancer**
- **Breast-cancer**
- **Blood cancer**
- **Skin cancer**
- **Gynecologic Cancer**
- **Head and Neck Cancer**
- **Genetic Cancer**
- **Nanotechnology in cancer**
- **Organ Specific Cancer**
- **Pediatric Oncology**
- **Medical Oncology**
- **Radiation Oncology**
- **Neuro Oncology**
- **Tissue regeneration and Oncology**
- **Cancer Epidemiology**
- **Cancer Treatment & Therapy**
- **Covid & Its impact on cancer**
- **Cancer Immunotherapies**
- **Cancer Biomarkers**
- **Cancer Metastasis**
- **Cells and Cell Structure**
- **Cancer drugs Market**
- **Tumor Virology and Immunology**
- **Radiology and Medical Imaging**
- **Cancer Chemotherapy and Pharmacology**

[Click here to View All the Tracks](#)

CALL FOR PRESENTATION

Abstract/ Title for presentation in the conference are invited from Researchers, Professors, Practitioners, Research Scholars and P.G. & U.G. Students, etc. Authors are requested to send Abstract/ Title to e-mail: icon2024virtualconference@gmail.com

Website:

https://www.brainymeet.com/conference_details/1st-international-conference-on-cancer-and-oncology-research-iccor-2024

GUIDELINES FOR ABSTRACT SUBMISSION

- The abstract should not exceed 400 words.
- Font face: Times New Roman, and size: 11 points.
- Abstract should include purpose of study, methodology, summary of findings/results, conclusion and significance /contributions of study.
- List a maximum of 5 key words.
- Title, author's name, affiliation, address, telephone and fax number, and email address should be included.
- Abstract should be written in English.
- Standard formatting such as bold, underline and dot points can be used.
- Please do not include any paragraph or line formatting. Leave as single spacing.
- All abstracts should be written in MS Word format (DOC or DOCX)

Theme: Current Research Trends and Technology Advances in Cancer

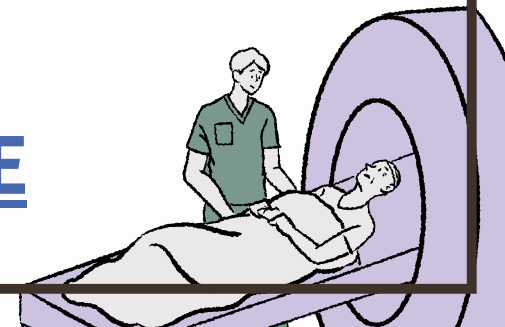

Who can attend:

- Oncologists
- Cancer Surgeons
- Oncology associations and societies
- Radiotherapists
- Head and Neck surgeons
- Medical and surgical Oncologists
- Professors
- Researchers and Scientists
- Immunologist
- Pathologist
- Medicine experts
- Students
- Doctors
- Directors
- Physicians
- Chemotherapists
- Business Professionals
- Medical college and universities
- Research scholars

Why Choose us:

- Develop Network for Better Development
- Connect, Share and Learn
- Present your Ideas and Work
- Gain New Collaborations with attendees from different countries from whole over the world
- Expand your knowledge
- Learn Beyond your Field or Interest
- Increase your Scope of Knowledge with Competitive Advantage
- Real networking

REGISTER HERE

NOMINATION FOR CONFERENCE AWARDS

Participant's Profile can be nominated for any one of the following :

- Research Awards in their specific field,
- Oral/ Poster Presentation Award
- Best Paper Award
- Best Speaker Award
- Research Contributor Award
- Young Achiever Award
- Cancer and Oncology Research Excellence Award
- Budding Researcher Award
- Young Researcher Award
- Best Faculty Award
- Science Glory Award
- Distinguished Scientist Award
- Young Investigator Award
- Best Researcher Award
- Career Contribution Award
- Academic Research Award
- Young Professional Award
- Excellence Service Award
- Faculty Excellence Award
- Best Academician Award, etc

[REGISTER HERE](#)

All the participants are requested to submit your CV along with Abstract/ Title

Top Reasons to Attend:

As a speaker, you will be presenting to a room full of senior eminent experts in different sectors of research from all over the world. Your expertise and knowledge will be showcased to key players in the field of Medical Sciences and will be a unique platform to increase your reputation within the sector.

New Places, New People:

Each time, the conference will be held at a different place, with different people as presenters, which will facilitate building relationships and exploring new places.

Learn from Other Speakers:

As a speaker, you will be provided with free access to two days of the conference will be given the chance to hear from other senior representatives from the segment and consider problems and solutions in the field of medical science with our numerous Q&A sessions and panel discussions.

Real Networking:

Collaboration and having face-to-face meetings with experts from different fields at different conferences in different countries every year provides a chance for real networking and discussing the latest upcoming challenges, technologies, and research in different aspects of science.

REGISTRATION FEE DETAILS

Category	Conference Fee		2 Year (Membership)		5 Year (Membership)	
	Indians (INR)	Others (USD)	Indians (INR)	Others (USD)	Indians (INR)	Others (USD)
Student	800	50\$	3000	100 \$	5000	200 \$
Ph.D Scholar	1500	100 \$	5000	200 \$	7000	400\$
Delegate	2500	200 \$	7000	400 \$	9000	600 \$
Listener	700	30 \$	-Nil-	-Nil-	-Nil-	-Nil-
Group Registration	25 % Relaxation Applicable					

Note: Include 18% GST while Registering

Benefits of the Membership

- **Members can become Chief guest / Keynote speaker/ Session Chair/ Co host & Co-organizer of the Events**
- **Members can attend all the virtual conferences at free of cost until the membership gets over**
- **Members can attend 2 Physical conferences at free of charge**
- **Members profile will be nominated for Researcher Award**
- **Members can conduct conference in their Institute and conference certificates will be provided from our organization**
- **Member can become a reviewer/ Chief Editor of the Journal**
- **Members can publish their Review / Research in International Journals**
- **Softcopy of the Proceeding will be given for each and every conference**
- **Hard Copy of the participation and Award winning certificates will be sent by post to the residential Address**
- **80 G will be applicable**

REGISTRATION DETAILS

Nominate and Register yourself using the following link :

Research has revealed

- 92% of teens say that they go online daily, while 24% consider themselves to be online "almost constantly."
- Over half of teenagers go online many times a day.
- 94% of teenagers access the Internet via their smartphones at least once a day, if not more.
- Facebook is the most-commonly visited social media site for teens (71%), followed by Instagram (52%), then Snapchat (44%).

5 Vs of big data

- Knowing the 5 V's data scientists derive more value from their data while also allowing their organizations to become more customer-centric

The diagram shows five overlapping circles representing the 5 Vs of big data:

- VARIETY**: Structured, Unstructured, Semi-structured
- VOLUME**: Megabytes
- VELOCITY**: Latency, Delivery
- VALUE**: Insight, Revenue
- VERACITY**: Audible, Level of trust

INTRODUCTION

- Malnutrition is one of the most common problem in India.
- Malnutrition is defined as "a state wherein adequate nutrients are not delivered to the cells to provide the substrate for optimal functioning."¹
- In 2017, globally there were **151 million** children under 5 year of age **stunted** and **51 million** wasted.^{2*}
- Poor nutrition in the first 1,000 days of a child's life can also lead to stunted growth, which is associated with impaired cognitive ability and reduced school and work performance.^{3**}

*https://www.who.int/news-room/fact-sheets/detail/malnutrition
**https://data.unicef.org/hap/malnutrition/

Structured vs Unstructured Data

Structured data	Unstructured data
Structured data stands for information that is highly organized, factual, and to-the-point.	Unstructured data doesn't have any predefined structure to it and comes in all its diversity of forms.
Quantitative	Qualitative
Data warehouses Relational databases	Data lakes Non-relational databases
Several predetermined formats	A huge array of formats

Introduction

- Bed rest is considered as the routine standard of care in Intensive Care Units (ICUs) which leads to immobility, deconditioning, and weakness.
- Prolonged bed rest and inactivity lead to decreased skeletal muscle use which results in decreased muscle synthesis and increased proteolysis with eventual muscle catabolism, atrophy and weakness.
- The intensive care unit acquired weakness (ICUAW) is associated with joint contractures, thromboembolism, resistance to insulin, micro vascular alterations, pressure ulcers, pneumonia, extension of the weaning period, delirium, increase in the days of income, increased mortality, and development of disabilities.
- It is also characterized by fatigue and profound neuromuscular weakness.

Web Analytics Tools:

- HubSpot Marketing Analytics & Dashboard Software** - an measure the performance of all your marketing assets — from website and landing pages, to emails, blog posts, social media accounts, calls-to-action, and more — from one dashboard
- Google Analytics** - Used by over 28 million websites, Google Analytics is the most popular web analytics tool. With it, you can track pageviews, unique pageviews, bounce rate, traffic channels, user retention, average session duration, sessions by country, sessions by device, and more. You can also build reports about your audience, acquisition channels, engagement, and conversions
- Crazy Egg** - Used by over 300,000 users, Crazy Egg is a unique web analytics tool that provides heatmaps, scroll maps, and other visual reports to show you exactly how your visitors are interacting with your site

Viral Markers

- HIV WAS POSITIVE WPPREAD HBASGJHCY WAS NOT REACTIVE CD4-243
- ULTRASONOGRAPHY REVEALED -FATTY CHANGES IN LIVER ,GRADE 1 CHOLELITHIASIS MILD ADENOMATOUS CHANGES IN UTERUS
- FAP smear - benign epithelial changes of inflammation and visible candida spores.

ACCUMULATION

- Accumulation:** Non-absorbed and non-excreted material remains in the body and may get bio-accumulated in organs like kidney, liver, epithelial cells, and olfactory nerves.

Figs: Distribution of Critically ill patients according to their diagnosis

Diagnosis	Experimental Group 1 (%)	Experimental Group 2 (%)
Acute Myocardial Infarction	100	100
Acute Stroke	100	100
Septic Shock	100	100
Acute Respiratory Distress Syndrome	100	100
Acute Kidney Injury	100	100
Acute Liver Failure	100	100
Acute Pancreatitis	100	100
Acute Intestinal Ischemia	100	100
Acute Colitis	100	100
Acute Hemorrhage	100	100
Acute Trauma	100	100
Acute Burns	100	100
Acute Sepsis	100	100
Acute Multi-Organ Dysfunction Syndrome	100	100
Acute End-Organ Dysfunction	100	100
Acute Systemic Inflammation	100	100
Acute Organ Failure	100	100
Acute Death	100	100
