ABOUT US

It's a Right Time to choose the Right Way of Success, Aim of Brainy Meet International Conferences, is to provide the Platform for Researchers across the world to recognize their Achievements, and also it provides a forum to the appropriate target group by organizing Planned Annual Meetings with the aim of generating new knowledge and better understanding. The unprecedented levels of discovery and innovation that are the hallmarks of recent decades are giving birth to entirely new meetings, which are in turn stimulating further advances, new opportunities, fresh insights and serve as a 'Continuing Force for Progress'.

ABOUT CONFERENCE

We are glad to announce the International Conference on Gynecology and Obstetrics to be held on 26 & 27-Apr-2024 organized by Brainy meet and its editorial Board Members. This event aims to bring together leading researchers, scholars, academicians, and practitioners to share their ideas and research findings in the fields of Gynecology and Obstetrics. The conference is designed to provide a platform for participants to exchange insights and share their knowledge and experiences on developments in cutting-edge research, new innovations, and discoveries in the pharmaceutical and health sciences fields. The conference provides a unique opportunity for networking, discussions, and collaboration.

Participants: BRAINYMEET, Dr. Alok Kumar..., Satish Banna, As..., Dr. Meena Khori, Ms. Sujitha, Dr. Durga Prasad.

Priming of Plant Immunity

The sensitization of stress responsiveness during induced resistance is called priming.

Naive state → Priming → Primed state → Triggering stimulus → DEFENCE

Primary stimulus

Priming boosts the plant's defensive capacity and brings it into an alarmed state of defence.

Participants: BRAINYMEET, Dr. Alok Kumar..., Satish Banna, As..., Dr. Meena Khori, Ms. Sujitha, Dr. Durga Prasad.
