Dear Attendees

We are glad to announce the World Congress on Natural Disaster Management to be held on 01 & 02 - Nov - 2024 organized by VDGGOOD and its editorial Board Members. This conference is a unique international platform that confluences all Disaster Intervention, Academia, Researchers, Innovators, and Regulators stakeholders – gathering to present and discuss the above-said areas. As the premier event, we have developed a program with your interests in mind. We have increased the number of opportunities for you to network with colleagues from across the world and introduced more focused sessions that will feature cutting-edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

🔍 About us

It's the Right Time to choose the Right Way of Success, The Aim of This WCNDM 2024 (World Congress on Natural Disaster Management), is to provide a Platform for Researchers across the world to recognize their Achievements, and also its provides a forum for the appropriate target group by organizing Planned Annual Meetings with the aim of generating new knowledge and better understanding.

Session Highlights

The conference welcomes submission of papers related to the following track (though not limited to):

Priming of Plant Immunity

The sensitization of stress responsiveness during induced resistance is called priming.

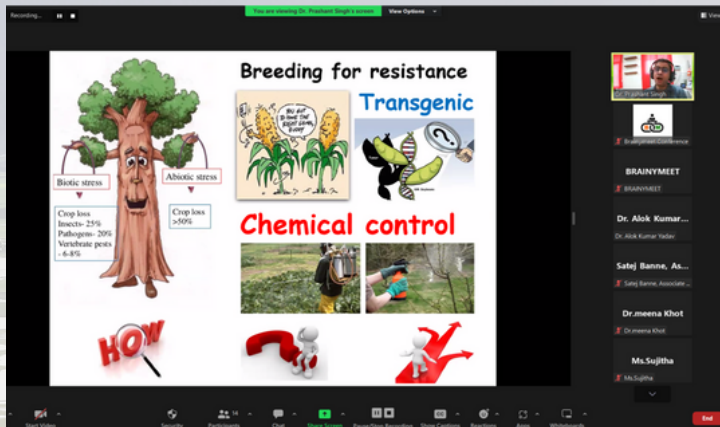

Naive state → Priming → Primed state

Defence → Biotic attack (Primary stimulus) → DEFENCE

Triggering stimulus

Priming boosts the plant's defensive capacity and brings it into an alarmed state of defence.
