

International Conference On **WIRELESS NETWORK AND MOBILE COMMUNICATION**

23 & 24- AUG-2024

CONTACT US

-  +91 7708973048
-  brainymeetconf2k24@gmail.com
-  Event Coordinator: Ms. Benisha

Call for Presentation

Abstract/ Paper for presentation in the conference are invited from Practitioners, Research Scholars and P.G. & U.G. Students. Authors are requested to send Abstract/ Paper to e-mail: brainymeetconf2k24@gmail.com Website:

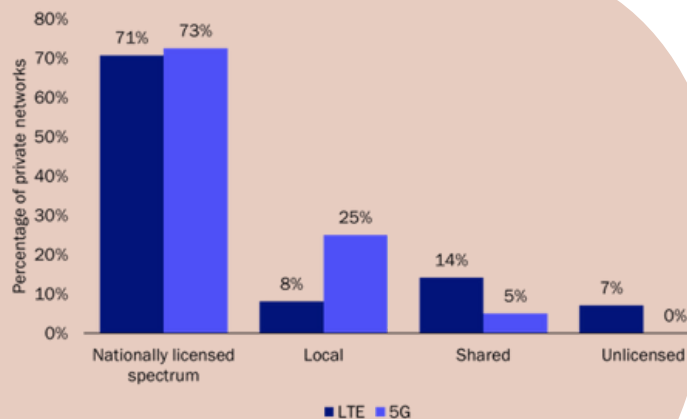

https://www.brainymeet.com/conference_details/international-conference-on-wireless-network-and-mobile-communication

About Conference

This Conference aims to bring together researchers, scientists, and other professionals who are interested in the study of Wireless Network and Mobile Communication. This aims to provide a platform for exchanging ideas, presenting research findings, and discussing the latest developments in the field of Wireless Network and Mobile Communication. Attendees at the conference can participate in keynote speeches, panel discussions, small group sessions, and poster presentations. The conference will provide a forum for exchanging ideas, discussing solutions, and sharing experiences among researchers and professionals from both academia and industry interested in wireless networks and mobile communications. Infrared Communication. Did you know that infrared (IR) communication is present in your home too? ...Wi-Fi, Radio Frequency, Bluetooth, tillite communication, Cellular communication Microwave. This conference may also offer networking opportunities, career development sessions, and social events to facilitate interaction among participants.

About Us

It's a Right Time to choose the Right Way of Success, Aim of VDGGOOD International Conferences, Open Access Journals and Awards is to provide the Platform for Researchers across the world to recognize their Achievements, and also its provides a forum to the appropriate target group by organizing Planned Annual Meetings with the aim of generating new knowledge and better understanding. Our world is undergoing a revolutionary period in the creation and dissemination of new knowledge and innovation in many disciplines. Simultaneously humans are on a journey to the achievement of self-actualization, which relates to the ultimate fulfillment of one's potential. To improve the common man's life by developing new innovative Medical and Engineering ideas, Technical tools or models or products of their need. These new ideas and knowledge may be disseminated to the common man by organizing conferences, workshop, seminars and/or awareness programs and by publishing high quality academic international Books, or Journals, or Magazines or Tracts/Pamphlets on any subjects/topics, which is related to the overall growth/improvement/uplift of all sections of society.

Why do I need to attend Wireless Network and mobile communication 2024?

- **Wireless communications have enabled the connection of billions of people to the Internet so that they can reap the benefits of today's digital economy. Similarly, agreed standards for mobile phones allow people to use their devices everywhere in the world.**
- **Wireless devices have become the backbone of technological advancement in today's society: Wireless devices have witnessed significant growth, driven by increased internet penetration and advancements in technology. They offer advantages such as increased mobility, enhanced productivity, and improved communication.**

Who can attend?

- **Students**
- **Researcher**
- **Engineers**
- **Faculty, Dean & HOD**
- **Scientists**
- **academics**
- **innovators**
- **profit and non-profit organizations**
- **government agencies.**
- **Research Scholars & Educators**
- **graduate and post-graduate students**
- **research institutions**

Conference Objectives

The Objective of the conference is to provide platform for academicians, researchers and

practitioners to:

- **Disseminate research, providing insights into the challenges and opportunities, emerging strategies and analytical tools in the domain under the research field**
- **Share innovative ideas on domain so as to navigate and develop successful new innovation Present case studies from applications of cutting-edge tools and technologies**

Conference Tracks

- Physical Layer and Communication Theory
- Networking and MAC
- Machine Learning and Optimization for Wireless Systems
- Emerging Technologies, Standards, and Applications
- Future in mobile systems
- Indoor & Outdoor Communication
- Mobility trends
- Slicing and 5/6/7G technologies
- Wireless Communications Basics
- Radio Interfaces and Systems
- Spectrum Allocation and Management
- Circuits for Wireless Communications
- Wireless and Mobility
- Protocols for wireless and mobility
- Traffic and congestion control, QoS, Resource Management
- Wireless and mobile technologies
- Performance Evaluation, Simulation and Modeling of wireless networks and systems
- Management of wireless and mobile networks

Conference Tracks

- Security in wireless and mobile environment
- Networks convergence and integration
- Applications and services based on wireless infrastructures
- Standardization and regulations
- Design and implementation
- Wireless and mobile network deployment
- Cooperative and Cognitive Vehicular Networks
- Convergence and social mobility
- Architectures and protocols
- Routing and Switching
- Software-Defined and Intent-Based Networks
- 5G and Beyond Mobile Networks
- Signal Processing in Wireless Communications
- Antenna Systems in Wireless Networks
- Green Wireless Communications

Scope and Membership Benefits

- Members can become Chief guest / Keynote speaker/ Session Chair/ Co host & Co-organizer of the Events
- Members can attend all the virtual conferences at free of cost until the membership gets over
- Members can attend 2 Physical conferences at free of charge
- Members profile will be nominated for Researcher Award,
- Members can conduct conference in their Institute and conference certificates will be provided from our organization
- Member can become a reviewer/ Chief Editor of the Journal
- Members can publish their Review / Research in International Journals
- Softcopy of the Proceeding will be given for each and every conference
- Hard Copy of the participation and Award winning certificates will be sent by post to the residential Address80 G will be applicable

Registration Fee Details

	Category	1 Year		2 year		5 Year		
		Indians (INR)	Others in USD	Indians (INR)	Others in USD	Indians (INR)	Others in USD	
Participant	Student	1500	70\$	2600	100\$	6000	270\$	
	Ph.D Scholar	2000	100\$	3600	180\$	7200	360\$	
	Delegate	2700	160\$	4600	270\$	8400	450\$	
	Listener	700	50\$	-Nil-	-Nil-	-Nil-	-Nil-	
	Group Registration	25 % Relaxation Applicable						

Note: Include 18% GST while Registering

REGISTER NOW

Conference Awards

Eligible Research Profile will be honored and presented with any one of the following Awards in their specific field,

- Distinguished Contributions Wireless Network and Mobile Communication Award
- Lifetime Achievement in Wireless Network and Mobile Communication Award
- Research Contribution Award
- Upcoming Researcher Award
- Outstanding Service in Wireless Network and Mobile Communication Award
- Scientific Service Achievement Award
- Best Oral/ Poster Presentation Award
- Best Paper Award
- Best Speaker Award
- Research Excellence Award
- Distinguished Service Award
- Significant Contribution Award
- Outstanding contribution Award in the field of Wireless Network and Mobile Communication
- Best Academician Award
- Research Excellence Award

Conference Awards

- Innovative Researcher in Wireless Network and Mobile Communication
- Women Excellence Award
- Young Achiever Award
- Academic Research Award
- Research Innovation Award
- Best Faculty Award and more.

Note: Include 18% GST while Registering

Registration form

For the participation and Nomination for the Conference/Researcher Awards Just Fill the Application:

https://docs.google.com/forms/d/e/1FAIpQLSd7KaAo0owIiL5cdm2NfDEGT9p4qzz_jQUuNi6Nu6AdKGfFg/viewform?usp=sf_link/viewform?usp=sf_link

WELCOMING YOU TO INTERNATIONAL CONFERENCE PRESENTATION

IMPORTANT DATES:

- Submission Deadline : 22-AUG-2024
- Date of Conference : 23 & 24-AUG-2024

Introduction

- Bed rest is considered as the routine standard of care in Intensive Care Units (ICUs) which leads to immobility, deconditioning, and weakness.
- Prolonged bed rest and inactivity lead to decreased skeletal muscle use which results in decreased muscle synthesis and increased proteolysis with eventual muscle catabolism, atrophy and weakness.
- The intensive care unit acquired weakness (ICUAW) is associated with joint contractures, thromboembolism, resistance to insulin, micro vascular alterations, pressure ulcers, pneumonia, extension of the weaning period, delirium, increase in the days of income, increased mortality, and development of disabilities.
- It is also characterized by fatigue and profound neuromuscular weakness.

Research has revealed

- 92% of teens say that they go online daily, while 24% consider themselves to be online "almost constantly."
- Over half of teenagers go online many times a day.
- 94% of teenagers access the Internet via their smartphones at least once a day, if not more.
- Facebook is the most-commonly visited social media site for teens (71%), followed by Instagram (52%), then Snapchat (44%).

Structured vs Unstructured Data

Structured data	Unstructured data
Structured data stands for information that is highly organized, factual, and to-the-point.	Unstructured data doesn't have any predefined structure to it and comes in all its diversity of forms.
Quantitative	Qualitative
Data warehouses Relational databases	Data lakes Non-relational databases
Several predetermined formats	A huge array of formats

5 Vs of big data

• Knowing the 5 Vs data scientists derive more value from their data while also allowing their organizations to become more customer-centric

The diagram shows five overlapping circles representing the 5 Vs of big data: VARIETY (top), VERACITY (left), VOLUME (right), VALUE (bottom-left), and VELOCITY (bottom-right). Each circle contains a brief description: Variety (Diverse, Unstructured, Semi-structured), Veracity (Quality, Level of trust), Volume (Highly variable), Value (Insight, Revenue), and Velocity (Speed, Delivery).

Viral Markers

- HIV WAS POSITIVE WBREAS HBAG, HCV WAS NOT REACTIVE CD4=243
- ULTRASONOGRAPHY REVEALED -FATTY CHANGES IN LIVER, GRADE 1 CHOLELITHIASIS, MILD ADENOMATOUS CHANGES IN UTERUS.
- PAP smear - benign cellular changes of inflammation and visible candida spores

Sustainability

The logo features the letters 'PPP' in green, blue, and black, with a globe icon. Below it, the words 'Plants People Planet' are written in a smaller font. To the right, a large blue 'P' is followed by the word 'Profit' in blue.

COSMIC FARMING: A Ray of Hope for Nutrition, Health and Environmental Security

Presented by Prof. R.K. Pathak, 17 YEARS TEACHING EXPERIENCE, Head, School of Nutrition, Former Director, ICAR-CIHTS, Lucknow. Home Teacher & Professor, Prasad Park, Meerut. E: pathakrks@icpaf.com, P: 964474422

The image shows a mobile application interface with several data visualization components, including bar charts, line graphs, and a map. The interface is clean and modern, with a white background and blue accents.

Therapeutic Treasure

The image is a collage of several images related to 'Therapeutic Treasure'. It includes a photograph of a large, modern building, a portrait of a man, and various text-based graphics and charts.

Thank You
