“ INCOVI 2023

International Conference On Virology

15-Dec-2023

Virtual Mode

Organized by
VDGOOD Professional Association
India

About Conference

This Conference brings together researchers, scientists, and other professionals who are interested in the study of viruses. This aims to provide a platform for exchanging ideas, presenting research findings, and discussing the latest developments in the field of virology. Attendees at the conference can participate in keynote speeches, panel discussions, small group sessions, and poster presentations. The conference covers a wide range of topics, including viral pathogenesis, virus-host interactions, the epidemiology of viral diseases, and the diagnosis and treatment of viral infections. Attending a Virology Conference provides an excellent opportunity for professionals to learn about the latest advancements in their field, establish collaborations, and stay up-to-date with the latest research in virology. This conference may also offer networking opportunities, career development sessions, and social events to facilitate interaction among participants.

Call for Presentation

Abstract/ Title for presentation in the conference are invited from Researchers, Professors, Practitioners, Research Scholars and P.G. & U.G. Students, etc. Authors are requested to send Abstract/ Title to e-mail: incovirology2023@gmail.com

About Us

It's a Right Time to choose the Right Way of Success, Aim of VDGGOOD International Conferences, Open Access Journals and Awards is to provide the Platform for Researchers across the world to recognize their Achievements, and also its provides a forum to the appropriate target group by organizing Planned Annual Meetings with the aim of generating new knowledge and better understanding. Our world is undergoing a revolutionary period in the creation and dissemination of new knowledge and innovation in many disciplines. Simultaneously humans are on a journey to the achievement of self-actualization, which relates to the ultimate fulfillment of one's potential. To improve the common man's life by developing new innovative Medical and Engineering ideas, Technical tools or models or products of their need. These new ideas and knowledge may be disseminated to the common man by organizing conferences, workshop, seminars and/or awareness programs and by publishing high quality academic international Books, or Journals, or Magazines or Tracts/Pamphlets on any subjects/topics, which is related to the overall growth/improvement/uplift of all sections of society.
