International conference on Oceonography and Marine Biology

ICOMB - 2024

16 & 17 - Feb - 2024

About Conference

We are glad to announce the International Virtual Conference on Oceanography and marine biology to be held on 17 Feb 2024 organized by brainymeet and its editorial Board Members. This conference is a unique international platform that's a confluence of all stake holders of the ecosystem – Industry, Academia, Researchers, Innovators, Regulators – gather to present and discuss about the above said areas. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts

About Conference

The future of oceanography and marine sciences in this decade looks promising, as the fields continues to evolve and grow in importance. There are several key trends and developments that are likely to shape the future of oceanography and marine sciences in the coming years. One important trend is the increasing use of advanced technologies in oceanography. Advances in robotics, sensors, artificial intelligence and machine learning, marine biotechnology, data analytics and modelling are making it possible to explore the ocean in new and innovative ways. For example, underwater drones and autonomous vehicles are being used to collect data in previously inaccessible areas of the ocean, while advanced sensors are enabling scientists to monitor ocean conditions in real-time.

About Conference

The upcoming Oceans World 2024 conference is set to play a critical role in advancing our understanding of the ocean and unlocking new discoveries in this vital and complex ecosystem. The conference will serve as a platform for sharing insights and best practices in oceanography and marine sciences, with a particular focus on exploring the potential of sustainable blue economy development. Through collaborative discussions and engagement between industry leaders, policymakers, and leading experts, the conference will seek to identify new opportunities for sustainable growth and innovation in ocean-related industries, paving the way for a brighter future for our oceans and planet.

About Us

It's a Right Time to choose the Right Way of Success, Aim of Brainymeet International Conferences, Open Access Journals and Awards is to provide the Platform for Researchers across the world to recognize their Achievements, and also its provides a forum to the appropriate target group by organizing Planned Annual Meetings with the aim of generating new knowledge and better understanding. The unprecedented levels of discovery and innovation that are the hallmarks of recent decades are giving birth to entirely new meetings, which are in turn stimulating further advances, new opportunities, fresh insights and serve as a Continuing Force for Progress.

About Us

To improve the common man's life by developing new innovative Oceanography and marine biology ideas, Technical tools or models or products of their need. These new ideas and knowledge may be disseminated to the common man by organizing conferences, workshop, seminars and/or awareness programs and by publishing high quality academic international Books, or Journals, or Magazines or Tracts/Pamphlets on any subjects/topics, which is related to the overall growth/improvement/uplift of all sections of society

Key Features

- 1 year Individual membership
- Hard copy of certificate will be sent to your address
- Best Paper will receive separate certificate Best Presentation will be selected by session chairs
- Interact With Eminent International Speakers
- Showcase your latest research findings through either the means of an oral or poster presentation

Conference Tracks

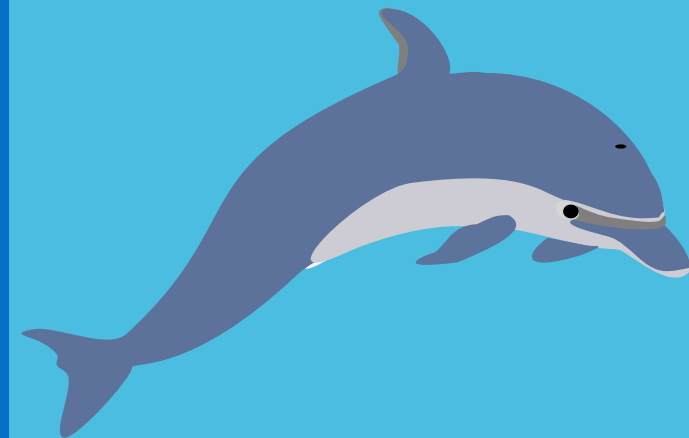

- Aquatic Ecosystem & Aqua Farming
- Aquatic Diseases & Immunity
- Aquaculture Science
- Aquaculture Nutrition & Supplies
- Aquaculture Genetics & Biotechnology
- Aquaculture and Fisheries
- Marine Life & Conservation
- Freshwater Biology
- Coastal and Marine Ecosystem
- Aquaculture Engineering & Waste Management
- Sustainable Aquaculture
- Aquatic Pollution and Toxicology
- Aquaculture Technology
- Freshwater Fisheries
- Aquatic Environment and Biodiversity
- Fish Pathology
- Aquatic Monitoring

Scope and Benefits

- It will be a perfect platform for Faculties, Professors, academicians to express their innovative thoughts and unique research work at a global platform
- It will provide scopes to faculties to meet and interact with International Speakers and Scientists of National importance. Professors can interact with session chairs related and working on relevant fields of their research
- To further redefine their innovations professors can consider the advices and technical suggestions of our chairs

Conference Awards

- Excellence in marine biology Award
- Oceanography Rising Award
- Young oceanography Award
- Young Marine Biology Researcher Award
- Young Researcher in Oceanography
- Young Achiever oceanography marine biology
- Young Professional marine biology Award
- Young marine biologist Award
- oceanography Inspirational Award
- Best Paper Award
- Best Presentation Award
- Best Scholar Award
- marine biologist Award etc..

Conference Awards

- Excellence Service in Oceanography Award
 - Outstanding Contributor Award
 - Outstanding Researcher Award
 - Best Poster Award
 - Senior Researcher marine biology Award
 - Science Innovation marine biology Award
 - The Goal Settler oceanography Award
 - Best Poster Presentation Award
 - Best Oral Presentation Award
 - Excellence oceanography Award
- (Etc.. but not limited to..)

Why should one attend an Conference

- Connect with top industry experts at the conference
- Avail opportunities to network and exchange ideas
- Get inspired towards undertaking professional studies
- Network with like minded peers
- Share your knowledge to enhance the growth of your field
Gain recognition & earn a reputation
- Make your presence felt at an epoch-defining making conference
